INTRODUCTION

This directory is a valuable source of information to sports clubs, schools, colleges and people who have moved to the area. The provision of sport within the Borough has developed extensively over the last few years.

This easy to follow guide illustrates sports clubs and their contact information as well as junior and disability provision for athletes. Additional information for Local and County Sport and Health Development Officers are also included in this directory.

We have made every possible attempt to ensure that all sports clubs that operate within the Borough are included in this directory.
